## SKILLS

# Judith Kuneth

## Frontend Developer | UX Designer

### Recent Experience

2021-  
2022

#### **ACON 360 | GI Solutions**

Frontend Development | Testing Engineer

In the past 12 months I contributed to the development, launch and maintenance of a mobile app as a frontend developer. As testing engineer I was also responsible for the conception, implementation and maintenance of automated unit and end-to-end tests.

Vue.js, Ionic, Typescript, REST API, Strapi, Docker, Cypress, Jira

2021

#### **muell-trennen.at**

Web Development

My personal side project - this quiz helps people to learn about recycling in a fun way.

Vue.js, CSS3, HTML5, Github

2021

#### **Mister Marketing | P8 GmbH**

Frontend Development | UX Design

For an internal marketing software I was in charge of the UX design concept, development of the style guide and color palettes, wireframes and clickable mockups as well as its implementation into the frontend. To gain fast feedback I developed a user test concept and conducted usability tests on a regular basis.

Vue.js, Nuxt.js, API, Wordpress CMS, GIT, Bitbucket

2020

#### **Quicksy | Upleveled GmbH**

Student | Web Development Bootcamp

As my final project in this 3-months bootcamp I developed a React web application from scratch implementing API routing, PostgreSQL databases, cookies, authentication, authorisation and automated testing.

Next.js, TypeScript, CSS3, API routing, PostgreSQL, Cypress, Jest

2017-  
2020

#### **littlebig.art | Open Arts GmbH**

Founder | CEO | Product Management

As a startup we developed a new event promotion platform and ticketing provider excelling by its userfriendly design. I was responsible for the product vision and strategy, roadmap and sprint planning, product design, OKR tracking, finances and recruiting. Working closely together with our software developers I developed a deeper interest into the magic of coding and technologies that allow us to bring ideas to life.

Leadership, Lean Startup Methods, Agile Software Development, SCRUM, Rapid Prototyping, Vue.js

# Judith Kuneth

## SOFT SKILLS

analytical mindset  
solution oriented  
communication skills
